

TECHNICAL SPECIFICATION

Applications Tractor

AGRIMAX ELOS has been designed to enhance top traction performance even under particularly awkward operating conditions on wet terrains Description

such as paddy fields or marshland. The tread design has been especially developed to ensure optimum self-cleaning properties, which are essential for operations on muddy land and during transfers. To optimize the farmers' productivity reducing machine downtime, sidewall protectors have been integrated into the design of the AGRIMAX ELOS tire to ensure maximum protection against possible damages at any
