REVERSIBLE PLATE LG 204 Hatz | 600 mm | EL

Art nr: 967 85 52-03

LG 204 is a compact, lightweight yet powerful reversible plate compactor developed for smaller jobs, such as driveways and pathways, private house projects and narrow trenches. It is the ideal machine to use when macadam beds are thinner and you need nimble, responsive handling. The Hatz 1B20 diesel engine with electric start reduces fuel consumption and emissions, while quality components reduce vibrations. It is equipped with a durable Hardox 400-steel bottom plate.
